The Daily Life of a Privacy Professional
Presented by Skye Chen

Abstract
There are many different roles in Privacy in an organization or company, and can be a headache for people who are about to start their journey. In this seminar, Skye will share her stories about working as Privacy and Compliance Analyst, and how it differs from a Privacy Engineer.

Short Bio
Skye is a Privacy Engineer in Google. She works on reviewing and evaluating the privacy risks of access to data within Google. Prior to that, she was a Privacy and Compliance Analyst for Ancestry.com. Skye is an alumni of CMU Privacy Engineering program, and holds a bachelor's degree in Information Security
.
